

Valencia, 29th October 2018

Dear colleagues:

The EXCO'19 committee wishes to invite you to participate in a scientific exhibition that we will organize in January (**from 28th January to 1st February 2019**)

This scientific exhibition will be in the Hall of EXCO'19 located in the international exhibition CEVISAMA Fair in Valencia, to be held during the month of January. Also this year it is intended that this scientific exhibition should travel around different International Universities throughout 2019.

The characteristics of each of the possibilities are:

1 - RESEARCH PAPER

Building on the results achieved in past editions and in order to give this even a wider international promotion and dissemination, we welcome all kinds of scientific papers related to the field of construction technology and management written by a member of teaching or research staff in a higher education institution: current research projects, PhD thesis, research or professional work.

If you would like to make a contribution, you must submit a draft paper (see Research Paper Template .docx) in your language and English, **4th December 2018**, email: salonexco2019@upv.es

The summary will have a clear scientific structure must contain the most relevant aspects of the investigation, being evaluated by a scientific committee appointed for this purpose. Abstract acceptance is conditional upon the clarity, quality and interest of the work to be exhibited.

Any alteration of the template involves not pass the first filter acceptance of Research paper.

1. Communication will have 10 pages (no more, no less).
2. On the first page the poster image is placed or left blank.
3. The second contains the metadata:
 - Titles in Your Language and English
 - Author, Author (2) or Team Name (3 or +), with an abbreviated curriculum.
 - Abstract.
 - Keywords.
4. Third and other uneven-numbered pages (5,7..): the text in your language.
5. Fourth and next even-numbered pages (6,8...): the English text.

Notes, Description, Authorship Images and References occupy the final pages 9 and 10, as can be seen in the attached example templates.

Regarding the images, they must following these size criteria: 10-12 cm. tall (max.) by 12 wide (max.). Each picture must have a space underneath no wider than 19cm for picture notes in your language and English, bilingual (See example).

No images larger than 12 cm by the sharp reduction text content are recommended. They always say that a picture is worth a thousand words, so the author is allowed to decide their size.

We remind that:

- Any alteration of the template involves not passing the first filter of acceptance of Communications. The files will be uploaded into a platform, so that the alteration will not be accepted.
- Communications will be 10 pages long (no more, no less).

- The pages are 12 by 21 cm, plus margins and font size will 10.5 (Times New Roman).

The scientific committee will report acceptance and eventual changes to me made by 15th December 2018.

Once accepted, the final and reviewed paper must be submitted by 12th January 2019 to the same email address. An ultimate revision will be conducted for publishing into Word and PDF files in both languages “your Language” and English. The proceedings (with ISBN number) will be made available in electronic version.

Participants who make a scientific contribution will receive a certificate from the organization committee, together with a link to download the proceedings.

2 - RESEARCH POSTER

Send 1- 3 Poster(s) / Research paper(s) (see Template Poster in PPTx). The metadata of the person/research group (See page 2 #1 Research paper) should:

- Titles in Your Language and English (bilingual).
- Author, Author (2) or team name with an abbreviated curriculum.
- Abstract (125-140 words).
- Keywords.

The text of the posters must be written in bilingual form: your native language and English.

If you are submitting a #1_RESEARCH PAPER, you may also a single POSTER (1 poster per researcher or team).

The panels, depending on the means made available at CEVISAMA-FAIR SAMPLES will be shown on screens or will only appear in the digital publication.

In order to participate in this exhibition, you should send the text (see Template POSTER EXCO.xxx) in Your Language and English (bilingual) **before 4th December 2018**, email: salonexco2019@upv.es

The Scientific Committee shall confirm the acceptance of your contributions or will request any necessary adjustments/corrections before 15th December 2018.

In the event that any correction might be requested, applicants must submit the final corrected version before 12th January 2019 to the same email.

Website of the EXCO - Faculty of Engineering Building (ETSIE-UPV) will be updated in the next few days, with a link from which you can access and download the attached templates and a summary of dates and activities will appear. However, I have attached templates and an example in the mail.
